

OUR COMMITMENT TO SAFETY AT SGCH

At SGCH we are committed to ensuring a safe and healthy workplace. People are important to us and their health and safety is our greatest responsibility. The safety and wellbeing of our staff, tenants, visitors and contractors is at the forefront of everything we do.

We ensure this commitment by following relevant legislation, managing risk, providing ongoing information, education and training and fostering a continuous improvement culture where safety comes first.

We strive for excellence in safety because we believe safety is paramount.

As part of this commitment we pledge to **Support** a Safety first culture, ensure **Accountability** to deliver on our health and safety responsibilities, **Respect** everyone's concerns and ideas about safety, and act with **Integrity** in meeting our obligations.
