Josh's Story

Our vision is great places for everyone.
Our business is people and places. We develop and manage sustainable, safe and affordable homes and work in partnership to create vibrant, inclusive communities.

Connecting people to opportunity, we take a place-based approach to advocate for, coordinate and partner with the services that people and communities need.

With over 30 years of experience, SGCH provides a place to call home for more than 8,500 people in 4,400 properties across the Sydney metropolitan region. We are registered as a Tier 1 provider under the National Regulatory System for Community Housing.

Recognised as Employer of Choice (Public Sector and NFP) at the 2016 Australian HR Awards, our personalised approach to customer service is underpinned by our values of Support, Accountability, Respect and Integrity.

Chairman's message

I am pleased to present another outstanding report for SGCH to wrap up the 2015/2016 financial year. In the past 12 months, SGCH has continued to provide personalised customer service, build social capital and cultivate thriving communities.

Our work in creating a pipeline of sustainable development has been a highlight. I look forward to seeing the outcomes in the years ahead as we welcome more people to quality, affordable new homes.

I have been privileged to be involved with SGCH for over 12 years, first as a member of staff, before joining the Board in 2009. I have seen the organisation grow and develop through key periods of change, and in 2016 there has been renewed energy with the release of Future Directions for Social Housing in NSW. This document sets out the Government's vision for social housing looking at the whole continuum of housing which is underpinned by three strategic priorities:

- More social housing
- More opportunities, support and incentives to avoid and/or leave social housing
- A better social housing experience.

SGCH has welcomed the strategy and continued to adapt and focus on future opportunities that align with our vision and values. In March we welcomed Scott Langford as Chief Executive Officer and, again, this appointment has brought new energy to the organisation. Together Scott, the Board and Executive Management Team honed our collective vision for SGCH and the people we serve. This has culminated in our new Strategic Plan and an emphasis on what we as an organisation strive to achieve - great places for everyone.

At its heart, this focus recognises that our greatest opportunity to affect change and connect people and community is when we have a deep connection to the communities we operate in. For this commitment and vision I thank my fellow Directors for their strategic oversight, Scott and the Executive Management Team for their leadership, and each and every person at SGCH.

SGCH has a talented and committed staff, that strives to deliver a service experience that delights our customers. The dedication to achieve strong outcomes is evident in the results of this year's report.

message

At the heart of *Our story* for 2016 is Josh's Story. Josh's Story (insert) is an example of how any of us can suddenly find our situation changed and our lives turned upside down.

It also shows that there is always hope. We are driven to make a difference, and we achieve this in partnership with a network of support and business partners.

Since joining SGCH Group in March I have worked with the Board, the Executive Management Team, our staff, partners and tenants to listen and to understand where collectively we believe SGCH can make the greatest impact. How we can continue to deliver, and deliver more, strong outcomes for the people we serve – people like Josh.

People and places are truly the core business of SGCH. As a Tier 1 Registered housing provider we develop and manage sustainable, safe and affordable homes. With over 30 years of experience, our organisation understands that being a housing provider is about so much more than providing shelter. A home is about the connections we make in a community; friends, local services, civic facilities, the sense of a place where we belong.

This is the foundation for our new strategic vision – great places for everyone. It is the commitment that SGCH will focus on delivering the greatest impact through our existing connections in established locations, and make decisions about growth based upon the potential for a place-based approach.

We do this in partnership with many, our tenants, local community groups, government agencies, universities, businesses and financiers. The successes and achievements highlighted in this report are shared with our partners and I am grateful for their commitment to working alongside SGCH to amplify our collective impact

I thank you for your continuing support of SGCH, and congratulate our partners, Board and staff on a remarkable year of helping to create great places for everyone.

Scott Langford Chief Executive Officer SGCH Group

Partnerships and programs

Our pioneering partnerships with government agencies, community groups and support services allow us to increase the number of good quality homes in the places we work and connect people to training, education, employment and community engagement opportunities.

In July 2016, SGCH and the CEFC won the Best Partnership Award at the NSW Federation of Housing Associations – Awards for Excellence in Community Housing. The judges commented that the partnership with the CEFC was "visionary, innovative, and nationally significant. It has strong outcomes for clients and the community, and will have lasting impact across the broader sector."

Clean Energy Finance Corporation

Over the next two years, SGCH and the Clean Energy Finance Corporation (CEFC) will deliver 200 new energy efficient affordable homes, mainly in Sydney's south. At the same time we are retrofitting some of our existing properties, delivering energy efficiency measures to over 1,100 very low and low income households.

Tenants will benefit from energy saving measures including:

- solar panels on their roof
- LED lights
- high performance ceiling and wall insulation
- ceiling fans
- energy efficient windows that block out heat and cold.

Strive Scholarships

The Strive Scholarships Program helps Social and Affordable Housing tenants with the cost of educating themselves or their family, allowing them to follow their dreams and aspirations for the future.

By partnering with The Adolph Basser Trust, Kip McGrath, Asset Group Services, SGCH provided 185 tenants the opportunity to pursue their education by awarding \$220,000 worth of scholarships in 2016.

Beginnings

In 2016, SGCH launched Beginnings, our community mentoring program funded by South Eastern Sydney Partners in Recovery as part of their Innovations Grants Program.

The program linked people experiencing mental health issues, or those at risk of homelessness, with a trained community mentor.

Twenty nine participants complete the Beginnings Program with the support of 19 mentors. The mentors helped their participants find their way, empowering them to link with their community and other support services.

Partnerships in Bonnyrigg

At Newleaf Communities in Bonnyrigg, we partner with Bonnyrigg residents and local services to capitalise on community strengths and create a vibrant and inclusive neighbourhood. Since June 2015, we have engaged with 4,071 residents across 93 different activities. We have particularly focused on providing opportunities for tenants to have meaningful input, running a range of health and well being programs, addressing a gap in activities for local youth and improving safety.

Digi House

In February 2016 SGCH hosted the launch of the Digi House Program that aims to improve the digital literacy skills of 20,000 people living in public and social housing in partnership with not-for-profit Infoxchange and Google.

SGCH residents who took part in the launch got comfortable with YouTube, apps, voice search and smart phones through live demonstrations. To practically apply their new skills, residents learnt how to use technology to assist them with cooking a meal, translating recipes into another language and finding out nutritional information.

Infoxchange

"Infoxchange is excited to partner with SGCH to provide a digital literacy program to social housing tenants across NSW. SGCH use their expertise to ensure that the services provided meet the needs of residents, which means better outcomes for everyone. It's been a great experience working with SGCH who make a positive impact on so many people's lives, and we look forward to growing this partnership."

Sutherland Street to Home

The Sutherland Street to Home project is an initiative of the South Eastern Sydney Partners In Recovery Program (SES PIR) and is being delivered in partnership with Neami National and SGCH.

The project offers quick access to housing for vulnerable rough sleepers in Sutherland through SGCH, providing seven people with properties from the private rental market and tenancy management services. Neami National Hurstville is providing ongoing support for 12 months to ensure the people on the program can maintain their tenancies, engage with their new community and meet any goals they identify in order to build a meaningful life.

We housed all seven people under the Sutherland Street to Home Project and of these; five are currently sustaining their tenancies. Two people left the program due to changes in their personal circumstances.

Connect and Grow

The 'Connect and Grow' program was delivered in partnership between SGCH and infrastructure consultancy RPS. As part of a six week trial in August and September, Menai residents took part in free interactive workshops designed to help them live more sustainably. Participants learned handy hints and tips about gardening, waste and recycling, energy and water. At the end of the trial residents put their new skills to good use, planning a community garden at 601 Old Illawarra Road. SGCH is now looking at rolling out the program in other areas.

Partnering to deliver homes for people with disability

In May 2016, we began building 17 new homes for young people with a disability.

SGCH is working with the parents and families of Sutherland Shire Disability Accommodation Action Group (SSDAAG), the NSW Government, Sutherland Shire Council, Southern Sydney Trusted Care and Sylvanvale to deliver homes and support services across three sites in the Sutherland Shire - Caringbah, Jannali and Loftus.

At the heart of this innovation have been the parents and their desire to make sure their children have access to quality care and accommodation, as well as the ability to choose their own home.

Our team

SGCH is vibrant, inspiring and supportive. Our people and culture are our greatest strength and we are united in our passion and commitment to our customers. Our values of Support, Accountability, Respect and Integrity (SARI) are at the heart of everything we do.

Ongoing focus on people and culture, providing support and influence has led to:

- highest overall staff satisfaction rating of 86% achieved in 2014-2015
- a strong staff engagement score of 80%
- 95% of our staff believe in the overall purpose and values of our organisation
- 86% of staff would recommend SGCH as a good place to work.

Statement of Profit of Loss and Other **Comprehensive Income**

Total revenue increased by \$9,226,652 (17%) to \$62,485,670 (2015: \$53,259,018) whilst other income decreased by \$38,405,237 (69%) to \$17,250,156. Total expenditure increased by \$10,761,551 (25%) to \$53,726,477 (2015: to \$42,964,926). The surplus for the financial year decreased by \$39,940,136 (-60%) to \$26,009,349 (2015: \$65,949,485).

The increase in revenue and expenditure is primarily driven by reflecting the income and expenses relating to 641 properties in Bonnyrigg for the full 12 months while FY15 recognised only 4 months as the new management contract was executed on March 2, 2015 along with the CPI indexation and increase in leased properties.

Statement of Financial Position

Total assets increased by \$42,163,967 to \$611,064,713 (2015: \$568,900,746) representing an increase of 7%. The movement is due in part to the fair value increment recognised with respect to investment property of \$17,147,335 following the valuation exercised carried out by an independent registered property valuer as at 30 June 2016.

The Company has also invested significantly in the development of its existing projects, with capitalised subsequent expenditure of \$28,173,881 during the year.

Total liabilities increased by \$16,154,618 to \$66,516,040 (2015: \$50,361,421) representing an increase of 32%. The increase is predominantly in relation to a \$9,500,000 draw down under the Company's existing loan facility with Westpac Banking Corporation. An additional facility with Clean Energy Finance Corporation was entered into on 19 November 2016 - \$3,668,000 was drawn down as at 30 June 2016.

Statement of Cash Flows

Cash flow improvements during the financial year were a result of increased rental income, grants received and good control over expenditure.

Statement of Changes in Equity

During the year ended 30 June 2016 \$17,147,335 was transferred to the Investment Property Reserve, which reflects the fair value gain on investment property for the year.
